	Launching 1-2	Developing 3-4	Progressing 5-6	Mastering 7-9
 Attitudes				
Curiosity	I need to show an interest in my learning.	I am interested in my learning.	I am interested in my learning and ask questions in my placement.	I explore my learning, by wider investigation and research.
Creativity	I need to come up with my own ideas and suggestions.	I can come up with my own ideas and tell other people about them.	I can come up with ideas and explore different ways of doing things.	I successfully use a range of ideas, both my own and others.
Cooperation	I need to work well with others.	I only want to work with friends or people I know well in order to complete a task.	I can work in different groups or teams in order to complete a task.	I enjoy working in different teams or environments to complete a task successfully.
Commitment	I need to commit to activities.	I ask for help when things get difficult and then will have another go.	I will continue to have a go when I find things difficult.	I am confident in my own ability to try different approaches until I succeed.
Consistency	I need to manage my own time and meet the expectations of school and my placement.	I manage my own time and meet the expectations of school and my placement most of the time.	I always manage my own time and meet the expectations of school and my placement	I always manage my own time and meet the expectations of school and my placement, working to the best of my ability.
