

## Go4Schools Help Sheet

We have listened and responded to feedback from parents, and we have turned on parental access to Go4Schools. This will allow parents and students to see individual test scores and grades for continuous assessment as the school year progresses. Subjects will put their data on throughout the year so grades will constantly change.

Arbor will still be used for the snapshot Progress Review point data which is the data on the reports you will receive and will still be the main portal for attendance, behaviour, rewards etc.

Using Go4Schools, you will be able to view your child's progress online and access the following information at any time.

- **Real-time attainment information** – marks and target grades for all subjects throughout the year;
- **Timetable** – your child's daily and weekly timetable.

Your child's page is constantly updated, providing you with the latest information.
