KS3 Age Related Expectations

Year 7

WORKING TOWARDS Expectations

- Uses simple tools and equipment correctly to complete tasks safely and carefully.
- Draws simple design ideas to show thinking.
- Can identify what worked well and what could be improved in project work.
- Follows and uses health and safety rules with reminders.

WORKING AT Expectations

- Chooses different tools and methods to make their work more accurate with limited defects.
- Draws design ideas carefully and skilfully to show their thinking.
- Explains what was successful with reasoning.
- Follows and uses health and safety rules independently.

WORKING BEYOND Expectations

- Selects and uses tools and methods to complete more challenging tasks with greater accuracy and quality with no defects.
- Draws accurately with skill to produce beautifully presented design ideas with some annotations.
- Includes detailed explanations of the project with reasoning and improvements.
- Follows and uses health and safety rules independently with clear reasoning.
